Preparing the Engineers and Technologists of Tomorrow

Call for Papers and Presentation Abstracts

Authors are invited to submit full-length manuscripts for presentation at the conference and inclusion in its proceedings. Papers addressing the conference theme have first priority and may include topics such as:

- ABET Accreditation
- Applications of Educational Research
- Capstone and Multi-disciplinary Design Projects
- Cultivating Innovative Thinking
- Curriculum Creation or Enhancement
- Distance Education
- Diversity Recruitment and Retention Programs
- Engagement and Retention Efforts
- Fostering Undergraduate Research
- Freshman Engineering Programs
- Industrial Partnerships
- Innovative Teaching Methods
- Integration of Design throughout the Curriculum
- K-12 Initiatives
- Learning Communities
- Lifelong Learning
- Outcomes Assessment
- Preparation for Engineering Practice
- Professional Development
- Technology in the Classroom
- Two-year / Four-year Partnerships
- Virtual Classrooms and Laboratories

Authors may address other topics of interest to the engineering education community as well. Guidelines for preparing the manuscripts are available at http://cee.citadel.edu/asee-se/.

This is a peer reviewed conference. Papers will be accepted on the basis of peer review of the complete manuscript. All accepted papers will be included in the conference proceedings. Authors of accepted papers are expected to present their papers at the conference to facilitate the transfer of knowledge through discussion and debate.

In addition to full manuscripts, a limited number of abstracts may be accepted for presentation. These abstracts will be published in the book of abstracts, but will neither be peer reviewed nor included in the reviewed proceedings.

We also anticipate a poster session in which students will discuss their experiences in engineering education (design projects, research, etc.). Information about this session will be available in the fall.
